

Mingle Activity

Find Someone Who...

Instructions: Walk around the classroom. Ask your classmates questions to find someone who can answer "yes" to the prompts below. Write their name and their answer in the table. Use a different name for each box!

Find someone who knows...	Name	Answer
...how old their father is. (Question: How old is your father?)		
...how much a bottle of water costs. (Question: How much is a bottle of water?)		
...how many people are in their family. (Question: How many people are in your family?)		
...how often they eat pizza. (Question: How often do you eat pizza?)		
...how many cousins they have. (Question: How many cousins do you have?)		
...how much they paid for their shoes. (Question: How much were your shoes?)		
...how often they go to the cinema. (Question: How often do you go to the cinema?)		
...how old their pet is. (If they don't have a pet, find someone else!) (Question: How old is your pet?)
